

CURRENT POSTGRADUATE STUDENT

SURNAME	CHAN	
NAME	Cecilia Ka Wing	
PROGRAM	PhD in Surgery	
DATE OF REGISTRATION	August 1, 2015	
SUPERVISOR	Professor LAU Yun Wong James & Professor CHOI Chung Hang Jonathan	
FIELD OF RESEARCH / INTENDED THESIS TITLE	Translational research/ Nanoparticle-based therapy	
KEYWORDS FOR RESEARCH	Nanomedicine, drug delivery, oligonucleotides	
RESEARCH STUDY:	<p>My research project involves the use of polymeric nanoparticles for delivering therapeutic entities (e.g., DNA, small molecules) to the kidney.</p>	

Polymeric nanoparticle

Poly(ethylene glycol) Poly (ε-caprolactone)

● Drug molecules

Polymeric nanoparticle

Drug-loaded polymeric nanoparticle

6
